

A Denial of Death (Helen Binney Mysteries Book 2)

From acclaimed author Gin Jones comes the second installment in her clever traditional cozy series featuring the feisty amateur sleuth, Helen Binney. Helen Binney projected a powerful image as the former governors wife, and she's not about to let a little thing like illness force her into doing anything less now. While her pushy nieces think she's at death's door, her handsome lawyer friend thinks she's a hot magnet for trouble...and her new gal-pals think she's a brilliant amateur detective! When those new gals give her an interesting project, Helen can't refuse proving her usefulness to the nay-sayers in her life. She quickly dives into investigating the disappearance of a member of their charitable knitting group. But when the yarn trail leads to a husband in denial, a secret bank account, and a shallow grave, it's clear that someone else sees Helen in yet another unflattering light: as a threat that needs to be permanently neutralized! If Helen can keep her wits about her, she may be able to untangle herself from one sticky situation, and catch a killer in the process.
