ONE:

SHE DIDNT WANT TO WANT HIM, AND HE COULDNT MAKE HIMSELF LET GO. Charley Daniels was a college student working as an exotic dancer to pay the bills. She had the moves, she had the skills, and she had the single minded focus on her dreams, no matter what it took for her to achieve them. That was, until Alexander Carter walked into her club. Alexander Carter was a bad boy billionaire with only women and money on his mind. He didnt want a relationship, he didnt even want a one night stand, and every woman he ran across was as forgettable as the next.

However, sparks flew when Alexander met Charley - his red haired firefly that could hypnotize him with her moves, and drive him to the limits of insanity when she was the first to deny him. Will Charley be able to protect her heart against a man like Alexander? Will Alexander be able to walk away from Charley as easily as he had every other woman hed known? Or would two hearts entwine together until it was impossible for either of them to let go?
