

THE PRINCESS...One reckless teenage night, well-to-do April Hollis tempted a boy from the wrong side of the tracks, and it changed her life forever. Motorcycle riding, leather jacket-clad Jesse Cawthorne was everything her family forbade: poor, dangerous, with no future that they could see. A man who would only break April's heart. But April couldn't resist Jesse, and they spent a lost, tempestuous summer together. THE PAUPER... As summer turned to fall, however, Jesse realized April was playing with his feelings, and his terrible pride forced them apart. He believed she was what he'd always thought: a spoiled, little rich girl from Windsor Estates. And knowing he would never fit into her wealthy world, he fled. THE RECKONING... Now, ten years later, Jesse was back, and he and April were forced to confront the same impossible passion that had once held them in thrall ... and damn the consequences.
