City Heat, Book Three Adrianna Kline has the world at her feet. As the CEO of a major lingerie corporation bearing her name, and a long history as a sexually independent woman, she runs her life on her own terms. Until, that is, Tristan Locke shows up in her office. Adrianna's first and only love, Tristan is now in the business of corporate takeovers and he has his eye on Adrianna, Inc. But he's prepared to negotiate. How can Adrianna save her company? By becoming Tristan's willing sex slave for a night, submitting to his every whim. Tristan knows that asking Adrianna to be sexually subservient is like asking her to stop breathing. Her need to control everything in her life, including the sex, contributed to their original break up. But even fifteen years later, taming Adrianna is still on his mind. Can commanding and formidable Tristan bend Adrianna to his will once and for all? Or will this night of erotic exploration turn into the ultimate struggle for power? Note: The City Heat series is loosely related to the Hot in the City series, but can definitely be read as stand-alone books. Also, as the series name implies hot things happen in the city! You have been warned City Heat, Book Four Payton Albright has it all she spends her days on a yacht sailing the Caribbean, with every comfort she could desire. Except one freedom. At twenty-six, Payton is treated like a child by her wealthy father, kept under his thumb. And Payton has needs she's desperate to have met. Desperate enough to let her inner wild child out, desperate enough to seduce a stranger into the satin sheets on her bed. The moment Scott Fletcher spots the beautiful Miss Albright, he knows she's trouble every tempting trouble. Her father is Scott's boss, and Scott needs to keep his job. Yet when Payton propositions Scott, he can't resist. Soon he discovers there's more to Payton than meets the eye the persuasive wild child turns out to be as

sweet as she is sexy, and hes more than happy to be her bedroom tutor. But what happens if Scott takes one too many chances with Payton? What happens if hes caught rolling around in satin sheets with the boss daughter?
