The Hubbard Electrometer or E-Meter device is sometimes used in Dianetics counseling and scientology counseling. In itself, the E-Meter device does nothing. It is not intended or effective for the diagnosis, treatment or prevention of any disease, or for the improvement of health or any bodily function. The Hubbard Electrometer is a religious artifact used in the Church confessional. It in itself does nothing, and is used by ministers only, to assist parishioners in locating areas of spiritual distress or travail. An excellent and interesting book. Not easy to locate these books at the prices we offer them to you. We have other volumes listed separately with Amazon.com as well. At this price, will not last long! \*4BC7
