

Fierce Hearts: The Complete Series

An epic showdown will pit love against evil in this shapeshifter romance series as the were-lynx colony faces off with the all-powerful Nexus Group determined to wipe them out. Only the strong and dedicated will survive - and only those willing to risk it all will find their soul mates in this thrilling and value-priced digital collection.

Secrets: Casey Mitchell has always kept his identity as a were-lynx secret. But hes drawn to Michelle Slade, and when he begins to help investigate the circumstances surrounding a mysterious disappearance, the situation soon spins out of control. Their survival depends on trusting each other with secrets better left unspoken. Will these two lonely souls triumph and find true love ... or lose everything?

Cravings: A victim of kidnapping and torture, were-lynx Kennedy is suspicious of everyone and unsure of her path forward. Sportswriter and were-bobcat Asher Monroe has been trying desperately to ferret out the truth behind why the sinister Nexus Group is kidnapping and experimenting on were-cats. As their need for the truth takes them into escalating danger, they discover explosive secrets that could bring Kennedy and Asher together - or rip them apart forever.

Heartfelt: When investigative reporter and were-lynx Asia Blue suspects the Nexus Group is behind her mothers disappearance, she reaches out to former friend and colony mate Conrad Pike, now an investment banker and serial heartbreaker. They must once again join forces to save their tribe, but will this strong-minded duo risk opening up their hearts and owning up to their long-simmering attraction?

Probabilities: Bubbly were-lynx Tizzy Sands planned to teach kindergarten, eventually marry, and start a family. But cancer changed that goal, and shes now determined to take down the nefarious Nexus Group - and steer clear of any romantic involvements.

Quinn Aronss genius IQ makes him the least socially skilled were-lynx in the colony, but he might just be the man to show Tizzy theres more to life than saving their world.Unstoppable: When veterinarian Lara Monroes fellow colony cat - and secret crush - Booker Chase needs help, shes willing to use her special healing touch to help him survive his emotional hell. As a top-notch physician, hes not convinced anything can repair his soul, broken from the loss of his wife and burdened with PTSD from his service in Afghanistan, but Lara is showing him flashes of what might be. But they cant grab this second chance at love unless the colony takes its biggest risk of all to shut down the Nexus Group forever.Sensuality Level: Sensual
