

## Cowboys Conundrum (Culpepper Cowboys) (Volume 3)

Joy Quinlan has spent her entire life trying to be the personification of her name. When she moves to Wyoming with her three sisters, she is determined to keep looking happy, as she always has. She worries that none of the four exciting Culpepper men will be interested in her, but sexy Kolby makes a beeline for her as soon as they meet. Kolby Culpepper has known for years that his heart must remain removed from any relationship. When he spots Joy sitting on his mother's sofa, he knows she's the Quinlan Quad for him, but he becomes more determined than ever to keep from loving again. Will this unlikely pair be able to see past their hang-ups? Or are they destined to spend the rest of their lives without love?
