

Dogs and Goddesses

Abby has just arrived in Summerville, Ohio, with her placid Newfoundland, Bowser. Shes reluctantly inherited her grandmothers coffee shop, but its not long before shes brewing up trouble in the form of magical baked goods and steaming up her life with an exasperating college professor. And then theres Daisy, a web code writer, and her hyperactive Jack Russell, Bailey. Her tightly-wound world spins out of control when she discovers the chaos within and meets a mysterious dog trainer whose teaching style is definitely hands-on. Finally theres Shar, professor of ancient history at Summerville College, who wakes up one morning to find her neurotic dachshund, Wolfie, snarling at an implacable god sitting at her kitchen table, the first thing in her life she hasnt been able to footnote. What on earth is going on in this unearthly little town? Its up to Abby, Daisy, and Shar to find out before an ancient goddess takes over Southern Ohio, and they all end up in the apocalyptic doghouse
