She was able to find her soulmate thanks to the mysterious brew, so I thought what do I have to lose? I was hoping for the best, but what I got was the absolute worst. Thanks to that stupid, purple liquid, I almost killed my college professor two weeks before graduation. Professor Daughton is the type of man I've always dreamed of marrying. He's smart, funny and so hot it hurts to look at him three hours a week during his lecture. I've had a huge crush on him all semester; but now that I'm certain he's my soulmate, I have to convince him we were meant to be together. Unfortunately, the psychic who sold us the potion said I only have seven days to make that happen or I'll lose him forever. Gage --- I mean, Professor Daughton, eventually admits that he wants to be with me too, but he insists that we can't cross that line as long as I'm still his student. And I can't drop his class because I need it to walk across the stage in two weeks with my Masters Degree. Time is running out, so there's only one thing left for me to do --- seduce him. However, that's easier said than done since I don't know the first thing about wooing a man. I'll have to go from 24-year-old virgin to vixen in a week if I want my happily ever after.
