Hawk has been blessed by the goddess Athena for more than a hundred and forty-four years to fight the evil that permeates the earth, the Keres female spirits death-army. When a new plague of victims arises, a flock of five Birds of Prey move to Atlanta to eradicate the enemy. Second in command, Hawk has seen his fair share of the enemys handiwork. What he doesnt expect is to patrol one night and find a mortal fighting tooth and nail with one of his own enemiesthe Keres army of Blood Demons. Aaron is just trying to get through college, he really is. But, try as he might, his grades are still slipping, so he has to spend late nights in the library instead of partying. After a late night walking home from the library, he finds himself attacked by a grim-faced man who tries to dig a hole into Aarons chest with wicked looking claws. When a gold-eyed sexy stranger comes to help him out, he doesnt expect to get nabbed for seeing too much and end up in the middle of a war he didnt ask to be invited to. But once hes in and spends more time with gold eyes, does Aaron really want to go back to the way things were before?
