Who the hell says things like establishment these days? But she managed to contain herself and turn her giggle into a wide smile.Thanks, she said. Im Chandler and this is my friend Lisette. This is the coolest place Ive seen in a while, she exclaimed as she swept her eyes around her. She was definitely glad she tried Goth get-up tonight. It was simple Goth, and she didnt appear too weird but not out-of-place either. She looked back at Lilith and wondered at the woman who was able to make this kind of establishment as seemingly successful as it looked.Im so glad you like it, Lilith replied while giving Chandler a rather penetrating stare. If you need anything at all, just let me know. Enjoy.With that, she saluted them with a small raise of her glass and glided away through the rather packed club.There was something about the woman that made Chandler keep staring as she moved away from them.Wow, Chandler thought.Download and discover why readers are raving about Sandra Ross.Scroll up and get the book now!
