

## Cassandra by Starlight (Starlight Series Book 1)

A London woman is swept off her feet into the glamorous yet surprisingly dangerous world of an up-and-coming star of stage and screen. TO CATCH A RISING STAR

Unconventional though she may be, Cassandra Wallace leads the life of an average Londoner, from blind dates to rush hour traffic. Then, along comes Bennett Saville. Charming, erudite, the up-and-coming actor is like the hero of a romantic movie. He sets Cassie afire like he has the stage and screen, and defies the tragedy that brought them together. From the tips of his Armani loafers to their scorching hot first kiss, he's perfect. Only, he's ten years younger and from the upper class, and those emerald eyes invite dangerous secrets. The world is full of hungry leading ladies, and every show must have its villain. Yet a true romance will always find its happy ending.
