

Angie Peters has come home to Seclusion, Washington, the town she fled six years ago after giving her daughter up for adoption. She once again has a secret she will tell no one, especially not Sean Langston, the boy she had a child with so many years before. Sean Langston has a reputation he can't shake as a result of what happened with Angie. For reasons he refuses to reveal, he is trying to restore a historical house he plans to make into a bed and breakfast named Seclusion. The old, decrepit house has come to represent what Sean wants to be, and not who he has been. With Angie back, suddenly, everything between them is different. Sean has never stopped loving Angie, and together, after all these years, they start the relationship they were incapable of having as teenagers. Until Sean learns the secret that brought Angie home, and will once again rip their lives apart...
