

Claire (Hart University Book 2)

Its sophomore year, and Claire Stone has sworn off romance. Shes just gone through a breakup and she wants some time to find out who she is on her own. The only flaw in her plan is her friend (and hot quarterback) Will McKenna, whos a walking temptation to forget all about her singlehood pledge. Will has had a thing for Claire since freshman year. Now that theyre both single, he wants more from her than friendship. But Claire doesnt want to be anyones girlfriend right now, and with football season underway, Wills got issues of his own to deal with. When an injury on the field changes everything, Will and Claire are driven apart. But when the two of them end up trapped together in a snowstorm, theyre forced to deal with each other again. Can they confront their feelings without ruining their friendship? Or will their friendship turn into something more?
