

## Caging the Wolf (Snowdonia Wolves)

A Snowdonia Wolves Novella Jessie has fallen in love with the perfect guy, Levi, but there's one tiny problem. The blue-eyed hunk only exists in her dreams. That is, until he greets her in the local shopping mall. She'd swear they never met before, so how come he knows so much about her and can tell her the naughty things they did in her dreams? Warning: Contains a wolf shifter that won't take no for an answer, and enough hot sex to drive any winter chills away. Previously published as part of the Hot Holiday Treats anthology
