

Jenna Ferguson had the biggest crush on Cole Harper in high school. He didn't know she existed. Seeing how he now has one of the worst reputations, she's happy to have never been on his radar. Now, six years later he's back in her life, and just when she least needs complications. She's got her hands full with her job at Baxter Academy during the day and trying to figure out what to do with her aging grandmother who isn't at all what she used to be at night. There isn't any time in her schedule for any man these days, and most definitely not for a certain sexy fireman. If there's one thing Cole Harper knows, it's that Jenna Ferguson needs someone to lean on, someone to love her, and that someone really should be him. He knows what she's going through with her grandmother as he's lived through a similar experience himself. If only she realized he's not the guy he used to be, and if only she'd give him the chance to prove it. ***Recommended for adult readers due to language, sexual content and adult situations***
