

## Destiny: Books 1-3: Storm Lake Series (Destiny Paramortals)

Destiny is it Mayberry or Middle Earth? A series of strange events in Destiny have Tempest Pomeroy reeling. Between her Djinn brother missing, the body she discovered in the clubhouse, and her quickening Tempesterie powers approaching, not to mention all the Alphas in her world going crazy, well to say she's having a bad week would be like saying Katrina dropped a little rain on the Gulf Coast. Tempe is a mail carrier and a Paramortal like her family, but until now, with only a few measly talents, she thought she might be adopted. There's an immediate attraction between her and Destiny's hunky new sheriff, ex-Navy pilot Jack Lang, who's investigating the odd occurrences, but it won't last. All the men in Tempe's life leave eventually. Oh, and the sheriff? He thinks he's settled in a normal small town to raise his teenage daughter-like Mayberry?! Well, see how that turns out. As the Para-moon approaches and more non-humans arrive in Destiny, will Jack stick around, or take the next jet out of Middle Earth? ok, I am hooked! I am so ready to know the rest of the story from this series. I don't normally read books that are based on fantasy but love Livia Quinn's books so gave this one a try. So glad I did! I love this book run, don't walk to the buy button. Readers of Darynda Jones and Katie MacAlister will love Livia Quinn.
