

The Brookfield series Volume One

This is a collection of the first two Brookfield Series books, *Finding Home* and *Bare Necessities*. *FINDING HOME* Julie Miller has returned to her home in Brookfield, Wyoming after discovering she is pregnant. All she wants is her mother to comfort her after her boyfriend told her to either have an abortion or leave. The only problem is, when she gets to her mother's house, she doesn't find her mom--she finds a half-naked man cooking breakfast. Mark Thomas has moved to Brookfield to escape his past. He needs a fresh start to try and forget the things that haunt him, and Brookfield seems like the perfect place. As if it isn't bad enough that Julie doesn't find her mother, a blizzard buries the town, and she is snowed in with Mark. Leaving them no choice, they begin a friendship while trying to resist the attraction they feel for one another. Once the snow melts, Julie is free to leave. Will she choose to start a life in Brookfield or run back to New York? Meanwhile, Mark struggles to let go of his past and, if he does, is Julie his future? *BARE NECESSITIES* After years of bad relationships, Ava Miller is finally living life for herself and isn't going to let anyone get in the way. Her dream is to open a lingerie shop, and she has chosen Brookfield, Wyoming as her new home, where her dreams might just come true. Once she meets the town sheriff, though, she's suddenly involved in a flirtatious battle for the right to open her store. Seth Hampton is the town's sheriff, and when Ava shows up, he's not sure what hits him. He craves her, yet he can't stand to allow that type of shop to open in his small town. However, he isn't alone. Someone else wants Ava to leave town. Things take a turn when her shop is vandalized, and all evidence points to Seth. Ava isn't sure what to think. While Seth seems to be the only one with motives, something inside her believes he would never do it. Can Ava and

Seth figure it out before one of them gets hurt?
