Nixie Leighton-Brace is ready to quit the family business. Its not the work--she loves building hospitals, schools and orphanages for her familys humanitarian organization. But when her movie-star mother steals Nixies boyfriend to generate publicity for their latest cause, Nixie snaps. She quits her job, walks away from her family, and boards a plane to the one place on earth shes never been. Home. Dr. Erik Larsen likes to keep his private life private, a word he doubts crazy-famous Nixie Leighton-Brace even knows. Fundraising, though? Shes got that one nailed, and Eriks free health clinic is barely keeping the lights on. So when Nixie walks in and asks for a job, he gives her one. But hell be damned if he hands over his heart along with it. Loving Americas princess is no easy task. Neither is being Americas princess, and both Nixie and Erik struggle to balance the scars of the past against the demands of their hearts. But with some courage, a little luck and a lot of love, they might just find their way home. Together.
