

Royal Brides

In this eagerly anticipated companion novel to *Royal Target* and *Royal Secrets*, readers are invited back to the shimmering Mediterranean paradise of Meridia, where two royal weddings in a year are more than stressful—they're deadly ... Lovely Meridian native Noelle Saldera yearns for adventure, but as the daughter of palace servants, working at Prince Stefanos' royal wedding may be as exciting as her life will get. But her options change drastically when she finds herself in the unlikely position of diffusing a bomb at the ceremony and being enlisted as the newest member of Meridian Intelligence. And with another wedding in the works, there can be no more close calls when Prince Stefanos' brother, Garrett, walks down the aisle. The bombing attempt at the first royal wedding leaves few clues as to the assailant's identity. Desperate for answers, Meridian officials enlist CIA agent Jeremy Rogers to prevent a repeat occurrence at the upcoming nuptials. The beauty of the plan: the bride is Jeremy's sister, so his cover is foolproof. What no one could anticipate is the instant connection between Jeremy and Noelle. Now, with their hearts on the line, the pair must work together to stop a seemingly unstoppable enemy before time runs out.
