

# Think Like a Champion: An Informal Education in Business and Life

Over the years, Donald Trump has written many bestselling books and also shorter essays which encompass his overarching philosophy about how to live ones life, both personally and professionally. In these pieces, which have been personally selected by Trump for this book, he gives his special perspective in what amounts to an informal education about success in business and life. The pieces are short, engaging, educational and informative, and give a very clear window into the mind and heart of an extraordinary success story.
