

# Triumph Speed Twin & Thunderbird Bible

Here is the definitive history of Triumphs hugely popular Speed Twin and Thunderbird models. Much more than simply a history, this book is the ultimate single source of detailed information for owners and would-be owners of these classic Triumph twins: in fact, it is the Speed Twin and Thunderbird Bible. Between these covers will be found the year-on-year development history from 1938 to 1966, engine and frame numbers, model type identification, colour schemes, complete technical specifications of every model, and details of international sporting achievements. Additionally, factory photographs show each model in authentic original detail. Ideally qualified to research and write this work, Harry Woolridge spent 30 years at Triumphs famous Meriden factory, and has owned almost every Triumph from Terrier 150cc to Trident 750cc as well as a few pre-war models. Also the author of a highly regarded work in the Trophy models, Harry Woolridge knows Triumph motorcycles inside out. eBook ISBN: 978-1-845848-14-9 (9781845848149) Print ISBN: 978-1-845849-82-5 (9781845849825)
